Dear Sir:-

I am sending you by 2 days registered Mail- the little Coin in Glass I wrote you about- also one of Fredrick the Greats & four others- Now please if they are valuable- send me a night letter (and please make the best offer you can the poor old woman needs it so:-) And if they are not valuable- Send them back

by registered mail - & am
enclosing the stamps. for
she had worne this little
coin around her neck
for 40 years - & you know
how she values it by that -
Look at the little worne purse
& tell of how she treasures the
little old tokens - & they dont
have any value - & will give
her something for them anyway.
A friend is going to send
her back to Scotland & she is
to go in a few weeks - &
please attend to this as soon
as possible - & do hope they
may be valuable Respt
